

LEADERS OF THE FREE WORLD

GLOBAL LEADERSHIP SUMMIT

NOVEMBER 5, 2021

Leaders of the Free World (LFW) is an international experience and leadership development program for young Black men. Our mission is to develop dynamic leaders who are globally-minded, self-aware, and service-driven.

ABOUT THE SUMMIT

The Global Leadership summit is a virtual intercollegiate career conference focused on helping the next generation of global leaders thrive globally.

Through a series of industry panels and workshops, the event will focus on providing information on careers, fellowships, and other opportunities at the global level. The purpose of the event is to help diversify the Global Leadership pipeline by exposing young Black men to opportunities abroad.

According to a recent CNN report, Black professionals in 2018 held just 3.3% of all executive or senior leadership roles...among Fortune 500 companies, less than 1% of CEOs are Black.

Leaders of the Free World exists to provide access to international experiences and leadership development for young Black men. We know there is a lack of diversity, representation, and access to senior leadership positions domestically and on the international stage and we want to change this narrative.
